Markdown

Hardworking Student eager to gain new skills and passionate about working in cutting edge projects since high school. Skilled at solving problems and coming up with new ideas. Beyond CS, I'm into cars and gym.

Work History

2024-06 - 2024-09

Junior Python Developer

Vumo, Kraków

- Main Task: Developed custom API tester and verifier similar to Postman for endpoint testing. Managed and executed through Jenkins on Docker image. Designed custom configuration files and internal tools to manage them, and extended Postman's functionalities with features tailored to specific needs. Managed by CLI, highly automated
- Side Task: Developed .NET-based automated application builder image with automatic push to JFrog Artifactory on every code push. Executed through Jenkins pipeline

2023-06 - 2023-08

Trainee Programmer

Vumo, Kraków

- Main Task: Assisted in developing .NET MAUI Android App (C#)
- Side Task: Developing internal tool to manage workshop inventory with pre-made server side app (JavaScript)

2022-06 - 2022-08

Junior QA

Vumo, Kraków

Creating test scenarios and testing products

2021-07 - 2021-07

Internship

Teleaudyt, Kraków

Given tasks:

- Get know Windows Hyper-V and Windows Sandbox
- Create Office365 apps with Office 365 Developer Account
- Create Azure based organisation, adding mobile devices with MS Intune
- Configure MS Server

- Create Key Pass app with db based on Excel with MS Apps
- Create schedule app with builtin Outlook Calendar with MS Apps

Having completed all tasks, I was offered a job.
